VISHNUPRIYA

Computer Science Engineering Student | Aspiring Software Developer

vishnupriya.g.2025.cse@rajalakshmi.edu.in | Chennai, India
LinkedIn | GitHub

CAREER OBJECTIVE

Second-year Computer Science and Engineering student interested in software and application development. Eager to apply programming, object-oriented design and database fundamentals to build practical solutions, while continuously improving technical and problem-solving skills.

EDUCATION

B.E. – Computer Science and Engineering

Rajalakshmi Engineering College, Chennai

Currently pursuing | Second Year

TECHNICAL SKILLS

Programming: Java, C, Python

Web Technologies: HTML, CSS, JavaScript

Database & Connectivity: MySQL, JDBC

Tools: Visual Studio Code, MySQL Workbench, GitHub

PROJECTS

StudyMate – Personal Study Companion
Technologies: Java, OOP, MySQL, JDBC

Developed a Java-based application to help organize academic activities through subject, task and notes management. Includes task status tracking and due-date management, with MySQL database integration.

SkillSwap – Student Skill Exchange Platform
Technologies: Java, OOP, MySQL, JDBC

Designed a platform concept that enables students to share skills and learn from one another. Includes student and skill management, skill search, learning requests, session scheduling and feedback management.

CORE STRENGTHS

Interest in software development • Willingness to learn new technologies • Team collaboration • Organized approach to project work

AREAS OF INTEREST

Software Development • Application Development • Database-Driven Applications
